

# Tortured

Loverboy

How do I keep everything  
From scraping zero?  
I struggle to face myself again  
I'm higher than sleep  
But lower than the ground I fall to  
One of these years I'll try again

R:  
Cause I'm tortured, tortured by you  
Dark are the hearts  
That won't let love ring true  
Release this ball and chain  
No more heartache and pain  
Tortured, tortured by you

I was too deep  
Swimming in the shallow water  
Tied to my arms, oh, your weight again  
The damage I sweep beneath  
The truth I've hidden, the poison that's sweet  
I'll taste again

R:

Tortured!!!

Empty my fear of rolling  
Through another victim  
Trying to stay away again  
This is not a call  
Hey the band is playing  
The seats are down, I'm lost in the crowd, I go on

R:

Yeah I'm tortured, yes I'm tortured!!!

Every time I try, I get more than high...
