

Guardian Angel (Late Night Version)

Lovex

Through the darkness and broken glass
I'll come for you, if you only ask
And there I'll stand
Just for you

Million miles between our lives
can't keep us apart from our grieving hearts
sealed with love
God speed my darling

For your name
I'm calling
For our love
I'm falling... on my knees

And if you cry, I'll hold your head up high
I'll be there by your side
I will be your guardian angel

In the garden of lonely love
I'll wait for you, untill the time will come
When i see you smile
Just for me

Love and loss embrace the pain
You can't hide your tears in the rain
I'll be there
Just wait my darling
And for your name
I'm calling
For our love
I'm falling... on my knees

If you cry, I'll hold your head up high
I'll be there by your side
I will be your guardian angel
If you cry, I'll hold your head up high
I'll be there by your side
I will be your guardian angel
I will do the things that I can to light your life and see you smile
And it brakes my heart in two...
