

Vampire on My Fridge

Low Roar

Head in a hole
Light in the sound
Fish in a bowl
Staring up from the ground
Way down
Way down

Is this my new home?
Temporarily found
Where the weed's overgrown
With the cold winter's clouds
Sail down
Sail down

Am I in over my head
Am I in over my head
My head
My head

If this one fits up
Send your kiss and a smile
From your holiday home
In a place I don't feel
Way down
Way down

Am I in over my head
Am I in over my head
My head
My head
