

## Be There

Low

I don't wanna be there  
When you're wrong.  
I don't wanna be there  
When you find out.  
I don't wanna be there  
When you break glass.  
And I don't wanna be there  
When they drag you out.  
You can't speak backwards  
You can't save the animals

And I don't wanna be there  
When you're wrong.  
And I don't wanna be there  
When you find out.  
I don't wanna be there  
When you break glass.  
And I don't wanna be there  
When they drag you out.
