Clarence White

Clarence White and Josh Murray I never thought I'd see the day It hurts to hear but it's so easy to say Clarence White

I know I shouldn't be afraid

You think it's pretty (oh no) I am a raging river I'll cut through your city (oh no) Just like destroying angel The one from the movie (oh no) The one with Charlton Heston That used to scare me

But I know I shouldn't be afraid I know I shouldn't be afraid I know I shouldn't be afraid I know I shouldn't be afraid.
