If You Were Born Today (Song for Little Baby Jesus)

If you were born today We'd kill ya by age eight Never get the chance to say:

Joy to the world and

Peace on the earth Forgive them for they know not what they do

Blessed are the meek and

Blessed are the humble Blessed are the ninety and nine

Deny the flesh

Deny all that's evil Tonight you'll deny me thrice

If you were born today

We'd kill ya by age eight Never get the chance to say...

00000...
