

Venus

Low

Venus
I can hardly see ya
Venus
I can hardly see ya

You're fed up with your friends

You're fed up with the end
You're fed up with the make-up
Make-up

Venus

Have you ever seen us?
Venus
Have you ever seen us?

You're fed up with your friends

You're fed up with the end
You're fed up with the make-up
Make-up

Have you seen my dreams?

They're the same as yours it seems

Venus

I can hardly see ya
Venus
Oh
I can hardly see ya
See ya
