

# Die for Your Love

LP

Turn the lights up  
Nothin' to hide from  
Let's see those eyes  
Turn your glance up  
Girl just man up  
And be alright

Let's be old souls  
And sweep the low lows  
Here unto dust  
'Cause I'd take every bullet  
And fire one through  
Well I'd die for you  
Die for your love

If I'm gonna give myself up  
I will give myself up  
Even if I let myself go  
I will let myself go  
Got the lust my life  
Got that will to survive  
But I'd die for your  
Die for your love

Whoa, oh, oh, oh  
Whoa, oh, oh  
I would die for your  
Die for your  
Die for your love

New beginnings  
Never-ending  
Let's take a vow  
To the living  
Forever giving  
I can see that now

Let the time run  
We'll let the warm sun be enough  
'Cause there's no chance I won't take  
I'd burn at the stake  
I would die for your  
Die for your love

If I'm gonna give myself up  
I will give myself up  
Even if I let myself go  
I will let myself go  
Got the lust my life  
Got that will to survive  
But I'd die for your  
Die for your love

Whoa, oh, oh, oh  
Whoa, oh, oh  
I would die for your  
Die for your

Die for your love

At least I'll go to heaven  
At least I'll go to heaven  
At least I'll go to heaven  
At least I'll go to heaven

At least I'll go to heaven  
At least I'll go to heaven  
At least I'll go to heaven  
At least I'll go to heaven

(Die for your  
Die for your love)

At least I'll go to heaven  
At least I'll go to heaven  
At least I'll go to heaven  
At least I'll go to heaven

At least I'll go to heaven  
At least I'll go to heaven  
At least I'll go to heaven  
At least I'll go to heaven
