

Insane

LP

Dark hallway
Dishes in the sink
The TVs on for day no sound
Don't worry I'm losing sleep

I can still hear you say

Will you wait for me
So long ago
Will you wait for me
It seems so long ago
Will you wait for me until it drives me insane

Insane

Building high but hollow
Waves come crashing at my feet
How you got me here I'll never know
Don't worry I'm losing sleep

I can hear you say

Will you wait for me
So long ago
Will you wait for me
It seems so long ago
Will you wait for me until it drives me insane
