

Salvation

LP

When you arrived at my door I didn't recognize
My salvation
And the light on the shore, it was in your eyes
My salvation

And all I really wanted to do
Was make love to you
And retreat into my isolation

Salvation, salvation

I was cold and afraid, so I locked you out
By temptation
And the kiss that you gave couldn't tie me down
I just take them

And all you really wanted to do
Was to lead me through
All my loneliness and desperation

Salvation, salvation

And I can feel now
And I can feel now
Yeah, love is real now
Yeah, love is real now

Salvation

Salvation, salvation, salvation, salvation
Salvation, salvation, salvation, salvation
