Feeling empty inside
Got a hole in my soul
That's ten feet wide
And I'm sinking deeper everyday

Seems like everybody I see Is simply trying To be redeemed But the saviours Are few and far between People sing

Hey yeah what about us
A little salvation's what I'm thinking of
I need somebody to come and rescue me
A little salvation
A little salvation

Feeling lonely inside
Got a hole in my heart
That I can't hide
And it's getting deeper everyday

Feels like everybody and me We're simply crying out For some love I need a little somebody To come and set me free People sing

Hey yeah what about us
A little salvation's what I'm thinking of
I need somebody to come and rescue me
A little salvation
A little salvation

Gimme gimme gimme
A quick fix
I need some now
I can't wait for the saints
To turn my fate around
You know hell and damnation's just
Salvation upside down

Would you help me
Oh yeah, oh yeah yeah yeah

Hey yeah what about us
A little salvation's what I'm thinking of
I need somebody to come and rescue me
A little salvation

Hey yeah what about us
A little salvation's what I'm thinking of
I need somebody to come and rescue me
A little salvation
A little salvation
