

The Only Thing I've Lost

Lucio Battisti

Can you tell me what has changed
Since our lives were rearranged?
i don't think so
Can you tell me what we gained
Since we parted what remained?
I don't think so
I'm older it's true
And the only thing I've lost is you
I'm older it's true
And the only thing I've lost is you

I played football on Sunday
And was sore all day monday
But I'm still playing
As a child I tried to be
So many things you see
I'm still trying
I'm older it's true
And the only thing I've lost is you
I'm older it's true
And the only thing I've lost is you

I said we would love forever
I guess I wasn't very clever
I wasn't thinking
It was a time in our lives
It's gone and we survived

I'm older it's true
And the only thing I've lost is you
I'm older it's true
And the only thing I've lost is you

Can you tell me what has changed
Since our lives were rearranged?
I don't think so
Can you tell me what we gained
Since we parted what remained?
I don't think so
I'm older it's true
I'm older it's true
I'm older it's true
