

Feels Like A Curse

Lucius

Oh
I know you're lost
The world is cold and you forgot
Your hat, your jacket and your shoes
What's there to lose?

And oh
I know it's fair
To say it's not when only some of us
Get lucky and get tickets to the ride
It hurts inside
To never know the reason why

You talk about today
Like the girl who got away
The only one you ever wanted
You, you hate how much she means
She's parading through the streets
With all the others as her lovers

I know it's fair
To say it's not when only some of us
Get lucky and get tickets to the ride
It hurts inside
To never know the reason why

You talk about today
Like the girl who got away
The only one you ever wanted
You, you hate how much she means
She's parading through the streets
With all the others as her lovers

Feels like a curse
Sounds like a dream
Don't know what it means
But it means everything

Feels like a curse
Sounds like a dream
Don't know what it means
But it means everything

Feels like a curse
Sounds like a dream
Don't know what it means
But it means everything

Feels like a curse
Sounds like a dream
Feels like a curse
Sounds like a dream

It is everything
It is everything
It is everything
It is everything
