

## Next to Normal

Lucius

I've lost some friends along the way  
Laughing at the wrong times  
Saying things too straight  
I don't want to die  
Just trying to be myself  
When everyone's the same  
It's time to separate yourself

I thought that I was off  
I was just mistaken  
Turns out I wasn't crazy at all  
I just had some walls up  
That needed breaking

When I'm close to you I'm next to normal  
I feel immortal  
I'm high without the paranoia

So sick and tired of words I lost  
All of this translation  
I was overcompensating  
I should have known  
That they weren't in for the hang  
I guess they couldn't picture  
How I don't fit in the frame  
I thought that I was off  
I was just mistaken  
Turns out I wasn't crazy at all  
I just had some walls up  
That needed breaking  
(I think I know who I'm gonna call)

When I'm close to you I'm next to normal  
I feel immortal  
I'm high without the paranoia
