

# Tears in Reverse

Lucius

Your name is the bait in the mouths of the holy  
Your arms reaching out from the clouds I'm under  
You're grabbing a hold and it makes me hungry  
What are you offering?

Tears in reverse  
What comes first?  
Wanting the water or feeling the thirst?  
Tears in reverse  
What comes first?  
Wanting the water

Turn into love  
Turn off the noise  
Turn down the fight  
Turn into love

Turn into love  
Turning the page  
Turning the tide  
Turn into love

You glow in the dark and you keep me haunted  
But you can't see my thoughts or the things I wonder  
It scares me to death, but it keeps me wanting  
What you're offering

Tears in reverse  
What comes first?  
Wanting the water or feeling the thirst?  
Tears in reverse  
What comes first?  
Wanting the water

Turn into love  
Turn off the noise  
Turn down the fight  
Turn into love

Turn into love  
Turning the page  
Turning the tide  
Turn into love

Turn into love  
Flowers that bloom  
Or seeds in the womb  
Flowers that bloom

Turn into love  
Turn off the noise  
Turn down the fight  
Turn into love

Turn into love  
Turning the page  
Turning the tide
