

White Lies

Lucius

In the middle of the night
When you're in the dark
Do you think about me and you
And why it wasn't ours?
But we could turn the lights down
If you wanna see
What it's like to turn every moment
Into a memory

I just wanna lie with you
Teach me how to bend the truth

I don't wanna know the meaning
I just need you now
We both know how it ends
There's nothing to figure out
Do I really need a reason
If I have no doubt?
Until nothing is left
So let's just pretend for now

If you have to try to love me
If that's the way it's gonna be
Well at least we can have right now and
It's bittersweet

I just wanna lie with you
Teach me how to bend the truth

I don't wanna know the meaning
I just need you now
We both know how it ends
There's nothing to figure out
Do I really need a reason
If I have no doubt?
Until nothing is left
So let's just pretend for now

White lies
Fine lines
White lies
Just this time
White lies
Fine lines
White lies

We both know how it ends
There's nothing to figure out
Do I really need a reason if
I have no doubt?
Until nothing is left
So let's just pretend for now
White lies
Fine lines
White lies
Fine lines
Just this time
