

## Gypsy Music

Luka Bloom

All the old walls are tumbling down  
Bringing us freedom for moving around  
Coming and going, doing no wrong  
Dancing and singing to the gypsy song

I want to sing in Riga, Krakow and Prague  
Me and my guitar, and a little Irish flag  
Ljubljana sounds like a city of grace  
They tell me Budapest is a beautiful place

They tell me Budapest is a beautiful town  
I'll find a room to sing there, put my name down  
I sing about an island on the Western shore  
I tell them all to come, come in the front door  
Bring in Bulgaria, Romania too  
Bring your gypsy music, and we'll never get blue

Bring your gypsy music  
Bring your gypsy song  
Bring your gypsy music  
We'll be singing along

Bring your gypsy music  
Bring your gypsy song  
Bring your gypsy music  
We'll be singing along
