

Never Let Me Down

Lukas Graham

There's just something about her She got me working harder She
is always on my mind Oh, oh, oh I tell you

She's got something that's better It holds my world together Wh
en she's with me I'm alright

And everywhere I go Empty handed Feeling we've been parted for
so long That's why I keep you right here in my palm

You never let me down! I swear you're a blessing Oh! Ain't you
the best thing? Wow! Love everlasting Never get me wrong Oh, yo
u let me be-eeee-eee, be-eeee-eee, be-eeee-eee, Do that love me

Come on! Come on

Back at the ball I was having my drink Talking to my lady, neve
r needed a shrink Somebody sent me a smile and she threw me a w
ink She asked, "Are you single?" I said, "What do you think?"

Girl, everywhere I go Empty handed Feeling we've been parted fo
r so long (long) That's why I keep you right here on my arm

You never let me down! I swear you're a blessing Oh! Ain't you
the best thing? Wow! Love everlasting Never get me wrong Oh, yo
u let me be-eeee-eee, be-eeee-eee, be-eeee-eee, Do that love me

Bum-bada-bumbum-badadabada...

Come on!

I like to mix it, girl I like to twist it with you I like to sh
ake it, girl I think I'll make it with you I like to mix it, gi
rl I like to twist it with you, you, you

You never let me down! I swear you're a blessing Oh! Ain't you
the best thing? Wow! Love everlasting Never get me wrong Oh, yo
u let me be-eeee-eee, be-eeee-eee, be-eeee-
eee, You gotta love me

Come on! Come on! Come on!
