Give me ya heart and ya soul  
Ya body and ya brain  
Ya joy and ya hurt  
Pleasure and ya pain  
Let me feel what you feel  
And know whatcha know  
Ya lies and ya truth  
Ya highs and ya lows

Whoo  
I wanna see your colours  
(Aww)  
I wanna see your colours  
(Aww)

Baby you a star  
You a blessing to treasure  
Just be who you are  
Ain't no stressn' no pressure  
Say what's on your mind  
You can trust me, you know that?  
Your secret is safe with me girl

You got limits and restrictions  
I got freedom for ya (For ya)  
Got your back like a recliner  
Imma be there for ya (For ya)  
Put you first I scream and curse  
I'll beg and ball for ya (For ya)  
Baby show me all them colours  
I'll Picasso for ya

Give me ya heart and ya soul  
Ya body and ya brain  
Ya joy and ya hurt  
Pleasure and ya pain  
Let me feel what you feel  
And know whatcha know  
Ya lies and ya truth  
Ya highs and ya lows

About your beauty  
Every inch of your complexion

You so unique in your physique  
No comparison no judgement no critique  
You perfect
