Luke James

[Intro: Kirk Franklin & Luke James]

Oh, but I wish that I can get you to see
That if we loved each other
If we're patient with each other
If we bring back the compassion with each other
Then we'll see the blessing
Get bigger and better and stronger and greater
Because we were created to be blessed
Everywhere we go it's a paradise

[Verse 1: Luke James]

This like sunlight and blue skies ready to take off right (Hey)
This feelin', this hotel room is my ride
These Versace sheets might as well be my clouds (Clouds)
Up here where I hear my thoughts out loud

[Pre-Chorus: Luke James]

Open spaces don't end, wow
And I won't miss life on the ground
Can't imagine not goin' nowhere
They don't want us to go
Oh, no-no
Oh, my golden brown skin is so rare (Wow)
Oh-oh
Feel the wind blowing through my good hair
Take me there

[Chorus: Luke James]

Traveling
Only want to go, where you can take me
Traveling
There's so much to see on the other side of the picture
I'm a drifter
I was wondering can you take me with ya?
Traveling
Everywhere we go is a paradise

[Post-Chorus: Luke James]

Drift, drift, drifting away from here
Oh-oh-ah-ah
Drift, drift, drifting away from here (Hmm, ah-ah)

[Verse 2: Luke James]

Reality as we know it is dead
All in one night, our seconds turn right into years
I see white lines, baby, you'll understand
Ain't no gravity
We don't have to land

[Pre-Chorus: Luke James]

Open spaces don't end, wow
And I won't miss life on the ground
Can't imagine not goin' nowhere
They don't want us to go
Oh, no-no

Oh, our golden brown skin is so rare (Wow)

Oh-oh
Feel the wind blowing through my good hair
Take me there (Take me there)

[Chorus: Luke James]
Traveling (Oh-ah)
Only want to go, where you can take me
Traveling (Alright)
There's so much to see on the other side of the picture
I'm a drifter
I was wondering can you take me with ya? (Yeah)
Traveling (Alright)
Everywhere we go is a paradise

[Verse 3: Big K.R.I.T.]

Yeah

'Cause when we sittin' on the couch, we venture from the South (South)
When you in my arms Australia, it just ain't word of mouth (Mouth)
Amsterdam is when we roll up and we smoke out and chill (Chill)
Ice cold, under my arms, we in Sweden on a real (Real)
Or Hawaii on a hill (Hill) or a mountain by the 'Ville (Ville)
Paris for the summer or rainfalls in Brazil (Brazil)
We'll do Cuba for the future or India for Kamasutra (Sutra)
DR for the weekend, Jamaica with a cooler on the beach (On the beach)
I feel like love the only language we should speak (We should speak)
If this is Africa, I'm your king and you're my queen (You)
By land that's in between (You)
Board a yacht and 'cause a scene (You)
Somewhere close to Medellin (In)
China walk the wall (Wall), Japan for a fling (Fling)
Mount Olympus in the clouds (Clouds), it's where I chisel out your ring (You
r ring)
The tombs of the pyramids, I paint between the seams (You)
A love that went farther than bikes, cars, planes and spaceships
With high beams

[Chorus: Luke James]
Traveling
Traveling

[Outro: Luke James]
I'm a drifter
I'm a drifter
I'm a drifter
