

Trouble

Luke James

Sitting here at the edge of the bay
I rewind all your replies and what you way
Don't deny all of the lies cause you misled
Need to believe that I wasn't a good man

That's what it was, it's all it is
It will be colder in hell before I miss
All of the silly shit that led to arguments
It will be colder in hell before I miss
(Trouble trouble)
That's what you are to me, baby girl
(Trouble trouble)
That's what you are to me, baby girl
(Trouble trouble)

When you get lost in just lovin' someone pretty
(Trouble trouble)
You'll always find (Trouble trouble)
You'll always find (Trouble trouble)
When you get lost in just lovin' someone pretty
You'll always find (Trouble trouble)
Happens every time (Trouble trouble)

I can't lie, girl, sometimes I think about you
But not the sweetest memory (not the sweetest memory)
But not the sweetest memory and that may come true
I just wanna forget about you (Trouble trouble)

That's what it was, it's all it is
It will be colder in hell before I miss
All of the silly shit that led to arguments
It will be colder in hell before I miss
(Trouble trouble)
That's what you are to me, baby girl
(Trouble trouble)
That's what you are to me, baby girl
(Trouble trouble)

When you get lost in just lovin' someone pretty
(Trouble trouble)
You'll always find (Trouble trouble)
You'll always find (Trouble trouble)
When you get lost in just lovin' someone pretty
You'll always find (Trouble trouble)
Happens every time (Trouble trouble)

Funny how we can get so caught up on the surface
We forget about what really makes love last
Next time I'll do betta, next time I'll read the signs
Next time I'll tell myself slow it down and see her mind
Next time, I won't be so bright towards inside
When you get lost in just lovin' someone pretty
(Trouble trouble)
You'll always find (Trouble trouble)
You'll always find (Trouble trouble)
When you get lost in just lovin' someone pretty
You'll always find (Trouble trouble)

Happens every time (Trouble trouble)
