Bonfires Of Time

Lullacry

From here to a lie, it sends you away Can you get it back tomorrow or today

You stole the dream that wasn't yours Locked inside, behind closed doors You stole the dream that kept me awake And crushed my heart

It's never too late to let the bonfires of time To make you, to make you mine

Can't open mysteries with hollow way It just feeds the midnight and kills the day, no

You stole the dream that kept me awake And crushed my heart

It's never too late to let the bonfires of time To make you, to make you mine It's never too late to let the bonfires of time To make you, to make you mine To make you mine

It's the rush your love All colors turn to black

It's never too late to let the bonfires of time To make you, to make you mine It's never too late to let the bonfires of time To make you, to make you mine To make you mine, make you mine
