

Here Comes the Night

Lulu

Woh, here it comes
Here comes the night, here comes the night

I could see right out my window, walking down the street, my girl with another guy
His arm around her like it used to be with me, oh it makes me want to die
Yeah, yeah, yeah

Well, here it comes
Here comes the night, here comes the night, woh yeah

There they go, it's funny how they look so good together, wonder what is wrong with me
Why can't I accept the fact she's chosen him and simply let them be
Woh, woh, who

Well, here it comes
Here comes the night, here comes the night, woh yeah

She's with him, he's turning down the lights and he's holding her the way I used to do
I can see her closing her eyes and telling him lies, exactly like she told me, too
Yeah, yeah, yeah

Well, here it comes
Here comes the night, here comes the night, woh yeah
