

I Love You Goodbye

Lulu

Wish I could be the one
The one who could give you love
The kind of love you really need

Wish I could say to you
That I'll always stay with you
But, baby, that's not me

You need someone willing to give her heart and soul to you
Promise you forever
Baby, that's something I can't do

Oh, I could that I'll be all you need
But that would be a lie
I know I'd only hurt you
I know I'd only make you cry
I'm not the one you needed
I love you, goodbye

I hope someday you can
That someday to understand
I'm only doing this for you

I don't wanna really wanna go
But deep in my heart, I know
It's just the kind of strength you do

You'll find someone will be the one that I could never be
And give you something
Better than the love you find with me

Oh, I can say that I'll be all you need
But that would be a crime
I know I'd only hurt you
I know I'd only make you cry
I'm not the one you needed
I love you, goodbye

Leaving someone when you love someone
Is the hardest thing to do
When you love someone as much as I love you

Oh, I don't wanna need you
Baby, it chance me up inside
But I'll never be the one you needed
I love you, goodbye
Baby, it's never gonna workout
I love you, goodbye
