

## Sweep Around Your Own Back Door

Lulu

You know there are too many people trying to take care of  
others peoples business and they can't even take care of their  
own.

What you need to do is take six months to mind your own busine  
ss  
and six months to leave other folks business alone. All I'm tr  
ying to say is:

Sweep around your own front door before you try to sweep aroun  
d mine

Sweep around your own front door before you try to sweep aroun  
d mine

You smile in your neighbors face and talk about them behind th  
eir back

but if you found out they were doing the same thing to you, yo  
u know you

wouldn't like that. (Oh no) Who we're to judge, what other peo  
ple do, take a look

at yourself, and you could find some faults too.

Your always on the telephone puttin down on someone else

You need to take a little time, stop, look in the mirror and  
check your self. We all have sins that come short from gods  
glory today, So we don't have time to spread her say

Put love in your heart where there is hate, you need to clean  
it up

I wouldn't let it be said I waited to late, clean it up, stop  
going around

talking about your friends, Don't you know that that's a sin

How can you critise some one else when you are doin wrong your  
self.

Be careful how you through stones, because it might break up s  
omebody's

home
