

## Where's Eddie

Lulu

All day up and down the street looking for him  
I know they think I'm crazy  
But I asked them once again  
Where's Eddie?  
I've been all over town  
Hey mister, has he been around?

I've been looking everywhere  
He don't know that I miss him so  
Oh, where did he go?  
Where's Eddie?  
I've been all over town  
Hey mister, has he been around?

He don't know I love him  
And I've got to run him down  
Hey mister, he's got to be found

Where's Eddie?  
Won't you tell him I'll be home waitin' and ready  
To give him all the love that I've been saving  
Where's Eddie?

Wish I'd never tried to change him, I was wrong  
You don't miss your water until he is gone

Where's Eddie? I've been all over town  
Hey mister, has he been around?  
He don't know I love him  
And I've got to run him down  
Somebody help me, he's got to be found

Where's Eddie?  
Won't you tell him I'll be home waitin' and ready  
To give him all the love that I've been saving  
Where's Eddie?

Oh Eddie, I'm ready  
Painting all the love, my Eddie  
I've got to run him down  
Where's Eddie?
