

## Daydream History

Lunaspape

Open your eyes  
Look all around  
No one inside  
No baby

Wonderful life  
Waiting for me  
Only inside  
My daydream

Losing my faith  
When all of me fails  
I need to believe  
My daydream

I'm lost and I'm scared  
Echoes of fear  
Does anyone care  
About my dream?

Wake me in daydreams  
For I will drown  
Wake me in daydreams  
When I surround you

Open your mind  
Am I to blame?  
I hate to rewind  
My daydream

Fertile in vain  
No mother, no name  
I just wanna feel my baby
