

Nobody But You

Luther Allison

Nobody
No, Nobody But You
nobody
No, Nobody But You
Nobody
Makes me feel this way

Dark train
Moanin' all through the night
Dark train
Moanin' all through the night
Whistle woke me up
Then I saw the light

Sweet little angel
Comin' on the break of dawn
Sweet angel
Comin' on the break of dawn
Sweet angel
Sayin' that you done me wrong
