Party Time

Luther Allison

Well I hope everybodys ready to have a party tonight
I hope everybodys ready to have a party tonight
See I came a long, long way to make everybody feel alright

I got the blues, people I got'em bad
I got the blues, let me tell you I got them bad
Sometimes I want to make you, make you understand the truth of
life is bad

Well it's time for me to tell the truth
The blues are deep down in my soul
Time for me to tell the truth
The blues are deep down in my soul
Make me feel young again, I refuse to get old
