

# Should I Wait

Luther Allison

Standing at the station, waiting on you  
Could you tell me baby, why you overdue?  
You see I've been standing, 3 hours or more  
I got to go to work honey, you don't even wanna know  
Should I wait, should I wait on you?  
You better get yourself together  
Hey, I don't wanna wait on you  
I told you late last night, worries on my worried mind  
You took my heart and my money, you wasted my precious time  
I gave you my best loving, better than you need  
You took my poor heart apart, I even got down on my knees  
Should I wait, little girl should I wait on you?  
You better get yourself together  
Now I done told ya I ain't got time to wait on you  
I got no more time, I got to get out of here, go to work  
One last question babe, what's on your mind?  
You can't make no love, you be drunk all the time  
You see I gave up a good job, make pretty good pay  
But I gonna get fired, if you make me loose one more day  
Should I wait?  
Little girl, should I wait?  
You better get yourself together  
I told ya I ain't got enough time to wait  
Now listen to me, you better get yourself together  
Hey baby, I told ya I can't wait  
I can't wait  
I just can't wait no longer baby, you better get

yourself together

Ha Ha Ha

Damn' it all, I told you, I won't wait on you

I won't wait on you
