

What Have I Done Wrong

Luther Allison

Babe, what have I done wrong
Baby, what have I done wrong

To make you pack up darlin'
And leave your happy home

Baby, you know I feel so bad
Ahh, baby I feel so bad

You got someone else
You know it's gonna make me mad

I cried, said I cried the night in jail
I cried baby, said I cried the night in jail
I haven't been myself since you went away

Baby, try me one more time
Baby, try me one more time

I swear I'll be good if I don't I'm gonna lose my mind

Baby, tell what I've done wrong
Oh baby, tell what I've done wrong
I wanna know girl
To make you pack up your stuff and leave your happy
home
Now listen to me

Honey, see I done my best
Mmmm girl, see I've done my best

I've treated you woman, better than the rest
You know I did
