

You Don't Know

Luther Allison

Now come on baby, can't you stand the test
Now come on baby, can't you stand the test
I'm sick and tired of all your mess

Whatcha gonna do girl when I'm gone
Whatcha gonna do baby when I'm gone
Open your eyes you been crying all night long

Mama treat your daddy mean
Mama treat your daddy really mean
You're the meanest girl that I ever seen, listen

You don't know, like I know
I can't know, you don't know

Yeah babe take me by the hand
Baby take me by my hand
Walk me like you walk your dog I'll understand

You're a mean woman, mean and mean no good
You're mean mean mean mean you're mean no good
You don't treat me baby like you should

Tears in my eyes
I can't lie
Can't say good bye
I don't know why

I love you, anyway, anyway, anyway, anyway, anyway
I love you, anyway, anyway, anyway, anyway, anyway now

This I know
You can't go
Yes it's true
I love you
