

# Frozen

Lycia

And then I drift far,  
And wither so hard  
I'm distant... I fade  
So far now... away

And then I drift so far  
I'm fading  
Sink so hard

My eyes fade, sink hard  
So frozen, so far  
The wind beats... and I  
Drift so far... then slide

And then I drift so far  
I'm fading  
Sink so hard

And then I drift so far  
I'm fading  
Sink so hard

I don't think that I will ever feel the same  
And I don't think that this day will ever fade  
I'm so frozen and so caught up in this day  
I'm so frozen and so lost in this cold day
