

One Last Breath

Lycia

I see it in your eyes and I don't think that i...
can feel it, it's fading, so far now...and I feel fine
fine, I feel fine, fine, I feel fine
one last breath, one last day, I don't know what to say
I feel it, it's fading, and you're gone...and I feel fine
I see it in the sky, the rain pours down on my...
fading heart, one last breath, it's over...and I feel fine
the day has come...it's over
over
