The Body Electric

Lifeless sharp volts pump hard through my veins Emotions sucked clean and drained clean from me This gray horizon fades stark to endless days Electricity and light pumps life into me ...for Awhile Strap this mask firm, bolt hard this lightning rod The storm outside fantastic pumps life into me Out to the darkened sky, take my hand for awhile Electricity, i'm here, strike down on to me...forever Swirl and swirl and swirl and... I'm on fire, electricity is clean and pure for awhile Is pure for awhile... Strike down on me, hard and clean
