

EXPERIENCE

lynch.

Losing control of myself
To find myself again
I don't know how to get that
Experience made me annoying

Sick of the dark ways erase myself
Feels like I will never leave this place

The sacrifice of hiding in a lie
Let me take back myself again

I've given up
I'm sick of living
There is nothing you can say

It's broken Jesus

Cause I know it takes long time where you go
It takes hard time what you bleed
You're down here, then you rise again
Shut your mouth up

Cause I know it takes long time where you go
It takes hard time what you bleed
You're down here, then you rise again

Put me out of my misery

Losing control of myself
To find myself again
I don't know how to get that
Experience made me annoying

Your time has come to be replaced
Your time has come to be erased
I can't pretend I'm who you want me to be So I'm

Cause I know it takes long time where you go
It takes hard time what you bleed
You're down here, then you rise again
Shut your mouth up

Cause I know it takes long time where you go
It takes hard time what you bleed
You're down here, then you rise again
