

I BELIEVE IN ME

lynch.

My heart is made of endless greed
Far from being satisfied
I can't stop until I get enough can't you see

Do you remember what we said ?
Promises we made that day
Take my hand and step outside the lines

Now come and follow me

I have no bases to believe
I have no kind of guarantee
With no reason I'll always believe in me

Douka kirisaku you ni nagare shini yuku emerarudo
Sou sa kono shi de sae mo

Don't be afraid of anything
You're holding your fate inside yourself
Just glare in flames until you die

Dakiai nagara ochite iki tai

With open ears
Now you will hear
The sound of this beat rising louder
We can't turn back not anymore
I know you know

My heart is made of endless greed
Far from being satisfied
I can't stop until I get enough

Now it's time to set it off
Leave all your fears behind
Now it's time to get it on

Douka kirisaku you ni nagare shini yuku emerarudo
Sou sa kono shi de sae mo

Don't be afraid of anything
You're holding your fate inside yourself
Just glare in flames until you die

Dakiai nagara ochite iki tai

I will believe in me
