# Hallelujah, It's Christmas

## Lynyrd Skynyrd

Christmas lights out in the yard A wreath hung on our door There was christmas music on the radio When I stare outside my window Waiting for Santa to come I couldn't wait to see under our tree When Santa's work was done

### CHORUS

Singing hallelujah it's christmas Everybody all over the world tonight Singing hallelujah it's christmas It's christmas time again

All year long I try to be As good as I could be Just a boy with all them childhood dreams Then I'd sit down and write "Dear Santa, Don't forget to come my way. I'll see you soon, and please make room For my guitar in your sleigh"

### CHORUS

2ND CHORUS Singing hallelujah it's christmas People all sharing their hearts tonight Singing hallelujah it's christmas It's christmas all over the world

Have a happy christmas Make a joyful noise Have a happy christmas All us wild eyed boys

I never got that \_\_\_\_\_ But it taught me to believe That what means the most is only To give more than receive And if we could wish together I'd wish the world in harmony Cause if christmas could last forever What a better world it'd be

#### CHORUS

Singing hallelujah it's christmas Hallelujah, hallelujah Hallelujah it's christmas It's christmas time again

CHORUS 2ND CHORUS
