

## I Executioner

M.O.D.

I executioner  
There's just me  
You can't buy justice  
And it sure ain't free  
I executioner  
Like Sergeant D  
I'm corporal punishment  
I weed out the weak

I excecutioner  
One on one  
You and me  
You've no place to run  
I executioner  
We got a date  
My fist your face

How I love to hate

There's no justice  
There's me  
There's no justice  
There's me

I executioner  
You dare fuck with me  
Say it to my face  
Either way you'll bleed

I executioner  
The king of schism  
Misery and pain  
Is what you'll live in
