

High Expectations

Mabel

Two minds every time you 'round me
I crossed another line
But every time, you allow me
But who are you to let me down?
No, you can never let me down
I want more, I want impossible

Make mountains move
That's all I want from you

Won't be easy for ya
But you gon' have to take it
I'ma treat you good
But you need to elevate it
You should know
That I've got high expectations, ah
You gonna have to get this right
(Ooh, oh-na-na)
You gonna have to get this
(Ooh, oh-na-na)
You gonna have to get this right
(Ooh, oh-na-na)
I got high expectations, ah
You gonna have to get this right
