

Brainwash Factory

Mad Sin

i don't wanna be in prison i just wanna stay free
i don't wanna be a number i just wanna be me
i don't wanna be in handcuffs i don't wanna be in pain
i just wanna say what i wanna say but they treat me just insane
walking up and down the yard like an animal in a cage
gotta show no feelings cause it might put you in a rage
minutes seem like hours days seem like weeks
and all our thoughts are moving in circles around escape
released released i'm back for good
released released and i don't do what i should
released released i'm back for good
released released and i don't do what i should
the brainwash factory
the brainwash factory
