

Deep Black Zone

Mad Sin

evil feelings make me change into a viper
cause nobody can control what i think
all the fuckin words that we lavish
they're senseless cause thoughts can kill with a blink
feelings of evil - can't leave me alone
feelings of evil - the deep black zone
feelings of evil - no more control
feelings of evil - i'm sliding into a deep black zone
eye for an eye and tooth for a tooth
we all know that revenge tastes sweet
don't think too long you may get too much attention
just do it cause feelings cannot cheat
feelings of evil - can't leave me alone
feelings of evil - the deep black zone
feelings of evil - no more control
feelings of evil - i'm sliding into a deep black zone
