Fuel for Brains

Mad Sin

Psycho: "I don't give a fuck about your war or your president"
Officer: "You are a drug addict"
Psycho: "Bullshit!"

Hey, hey, hey!

Well, my body's radiated
My heart beats doubletime
My mind is workin' overdrive
And I feel mighty fine

Chemical insanity's runnin' through my veins
I've got fuel for brains!
Fuel for brains!
Fuel for brains!

Hey, hey, hey!
Hey, hey hey!

I'm sick of gettin' tired
Sick of countin' sheep
I'm sick of Mr. Sandman
Cause I'm never gonna sleep

Medicated inspirated war inside my veins
I've got fuel for brains!
Fuel for brains!
Fuel for brains!

Ohh way ohh way ohh
Psycho business keeps me down
Ohh way ohh way ohh
Chop it up until we drop
Ohh way ohh way ohh
Higher higher won't come down
Let's go!!

Burn my bed with kerosine
And use my tongue and my fist to make you cream
Don't you look at me cause paranoia's here to stay!

Medicated inspirated war inside my veins
I've got fuel for brains!
Fuel for brains!
Fuel for brains!
Fuel for brains!
Fuel for brains!

[Chorus]
