

# All Or Nothing

Madball

You can say we're all born to lose in a sense  
Right  
We all live to die and who knows if there's an afterlife  
Either way you hope to leave your mark in some way through the journeys you'  
ll embark on  
An old man told me  
Kid never settle for anything less than you deserve  
Wearing a medal on his chest  
A silver star for valor  
He didn't have much but was content and what he did mattered  
He went all out for us we should go all out for him and us

Hate us or love us we came to prove something  
So in the end we can't say it was all for nothing (all or nothing)  
We live to learn  
Earn our place in life  
We live  
We die  
But don't go out without a fight

I strive to be the best at whatever I do even when I'm being bad  
Yeah that's the honest truth  
But being bad never got me anywhere good  
So I chose the other road  
I had a choice  
I could so  
Many brothers gone by the way side  
Sisters too  
The sorrow it fills my eyes  
I want to fight  
I want to blame  
I want to take names  
But in the end it's all part of the game  
That we can't control  
For them we set examples  
They went all out for us we should go all out for them and us

Hate us or love us we came to prove something  
So in the end we can't say it was all for nothing (all or nothing)  
We live to learn  
Earn our place in life  
We live  
We die  
But don't go out without a fight

Respect us  
Or fear us  
We came to be something  
So in the end we can't say it was all for nothing (all or nothing)  
We laugh  
We cry  
We sacrifice  
We live  
We die  
But don't go out without a fight  
All or nothing
