

My Blood

Madball

.my blood
couldn't find my vision.
could have flight my thoughts were dead
didn't find my spirit to match

.my blood
couldn't find my .
just to find a reason for living
unless you fight my soul again
and again. my blood
I saw it's a crazy world we're living
and I've done crazy things in my life
sometimes it was a mix of my survival
on the charts just to release my pride
yes, that angle, that the clutch
that fear that.

I'm just die for you out here now
and you are chapter past.
Can't find my vision to get
could have flied my thoughts were dead

all the.
couldn't find my .
just to find a reason for living
unless you fight my soul again
and again. my blood
You're gonna be a better man
and I was because
well I'm a better man and I was
my blood you have this world in the palm of your hands
in my blood I mean the.but be a roll man
.that you don't wanna hear the man I used to be
I had many regrets my sacrifices now are only making better for
me
but for you and your mother
is it your sister or brother
I play me no other
for doing the right thing right now
for my blood
[Chorus:]
