

Until Then

Madball

I woke up from a dream today, I thought of you Jay
I looked up at the clock, it read 2:22
I know that you are here with me, like every day
Still I miss you, in every way
Your coolness, your presence
I'll see you on the other side someday

Until then, I'll honor you my friends
Your spirit will always live
It will live through me
Until then, you have gone but you're not forgotten
You're more than a memory
You will always be a part of me

I was on the east side today, and I thought of you Mike
I had a drink, said a prayer, wiped my face
I knew that you were there with me, like every day
Still I miss those, good old days
Your laughter, your presence
I'll see you on the other side someday

Until then I will you in every way that I can
Until then I will be missing you my friends
Until then
