

# Lone Wolf

Madchild

I'm dishing out what they were dishing in  
Now my all my disciples are disciplined  
The world is a dark place  
And I'm full of love if you're listening  
But I got some sickos some vikings on vikaden psychos are ready for vicious  
ness  
I see some losers on line, and they're chirping but don't think they're read  
y wickeness  
We might be sick in the head  
But we are notorious warriors  
Sorry, but dying in battle to enter the gates of Valhalla is glorious  
5000 lone wolves, stay away for your own good  
Underground king here to stay  
I don't care if my thrones wood  
Ay  
I have been famous and rich  
I was a junkie and homeless  
Laughing at me, I was crippled  
A sicko but now I am back I am ivar the boneless  
Rattle snakes and jaguars  
Direct descendant of Ragnar  
Ay  
Ladies and gentlemen, there are some benefits to having fangs that are venom  
ous  
Tell all our enemies I don't care if there's a hundred of them, I will end t  
hem with ten of us  
Inside my head was prison cell I walked the yard smoked rolled tobacco  
20 years a living hell going back and fourth, but I broke the shackles  
Started doing my live streams  
I'm building an army I woke whackos  
Glad mad is back as a matter of fact were sharing problems we all tackle

Lones wolves one man gang  
Super beast they can't hang  
Hope some one tries to break into my place  
When I'm home bang bang  
5000 lone wolves  
World wide gang gang  
We don't die we multiply  
Our soldiers ride, gang gang  
Lones wolves one man gang  
Super beast they can't hang  
We don't say we can't do, we juat say we can man  
5000 lone wolves  
World wide gang gang  
We don't die, we multiply  
Our soldiers ride, gang gang

I wore supreme and bathing ape and Gucci when you wearing diapers  
Straight shooter I'm transparent the gate keeper a straight snyper  
The new me is the old me but 10 x'd on 8 cycles  
Bars hard and my scars healed and nothing written is recycled  
Unleash the craken don't back up  
One man gang we keep fighting  
Never retiring violent tyrant underground God real titan  
Be excited I'm reignited  
There's only demons when we invite em

Let's keep em tied up pour gasoline and strike a match and then watch em lig  
ht up  
From canada but I moved now I'm on melrose or on fair fax  
For mad rappers when mads raps  
Snap! clasp of a bear trap  
Can't believe I got no  
Babies went raw dog I went bare back  
So many personalities  
So welcome them, cause they're all back!

Lones wolves one man gang  
Super beast they can't hang  
Hope some tries to break into my place  
When I'm home bang bang  
5000 lone wolves
