

Bathroom Floor

Maddie & Tae

Girl, I know
He done did a number on your soul
It sucks, it's sad
I wish I could, but I can't change that
But hey, good news
We've all been there a time or two
And one thing I've learned
Is it's gonna be hard, but trust me girl

Get up off the bathroom floor
Let's wipe the tears off your cheeks
Put on a dress and get out that door
Girl, the first shot's on me
Let's jump into a cab downtown
Let a sexy man spin you around
Let's show that heart some neon magic
'Til we're drunk and laughin'
Back on the bathroom floor

No, it ain't your fault
He couldn't see you're beautiful? His loss
So put on your high heels
I bet you're gonna love the way it feels

To get up off the bathroom floor
Let's wipe the tears off your cheeks
Put on a dress and get out that door

Girl, the first shot's on me
Let's jump into a cab downtown
Let a sexy man spin you around
Let's show that heart some neon magic
'Til we're drunk and laughin'
Back on the bathroom floor
Back on the bathroom floor

So get up (Get up)
Come on, girl (Come on, girl)
Get up (Get up)
Come on, girl
Come on, girl

Get up off the bathroom floor
Let's wipe the tears off your cheeks
Put on a dress and get out that door
Girl, the first shot's on me
Let's jump into a cab downtown
Let a sexy man spin you around
Let's show that heart some neon magic
'Til we're drunk and laughin'
Back on the bathroom floor

Get up (Get up)
Come on, girl (Come on, girl)
Get up (Get up)
Come on, girl
Get up

Come on, girl
Get up
Come on, girl
