

Waitin' On A Plane

Maddie & Tae

Rain, you ain't gonna slow me down
Pain, you can have this haunted town
Me and my pride are gettin' the hell on out

'Cause it's my time to paint a little streak on a blue sky,
Spread my wings and take flight, find mine,
Settin' my sights on a brand new life
Get gone, leave it all behind, and move on
Ain't fast enough, even in the fast lane
So I'm waitin' on a plane
Waitin' on a plane

I've got my name on a first-class window seat
I want my heart to see
That there ain't no shame, reaching out for the next dream
Any time they're sittin' there waitin' on me

'Cause it's my time to paint a little streak on a blue sky,
Spread my wings and take flight, find mine,
Settin' my sights on a brand new life
Get gone, leave it all behind, and move on
Ain't fast enough, even in the fast lane
So I'm waitin' on a plane

Yeah, I know getting out of here is gonna fix it
(I know getting out of here is gonna fix it)
All I'm gonna need is a one-way ticket
(All I'm gonna need is a one-way ticket)

Waitin' on a plane
Waitin' on a plane

'Cause it's my time to paint a little streak on a blue sky,
Spread my wings and take flight, find mine,
Settin' my sights on a brand new life
Get gone, leave it all behind, and move on
Ain't fast enough, even in the fast lane
So, I'm sittin' right here at 7 a.m.
Waitin' on a plane
Waitin' on a plane

I'm on my way
I'm gonna be okay
I'm waitin' on a plane
