

Death of Me

Madilyn Bailey

I can't believe I've gotten so brave, who am I?
Startin to love what I become, you got me
Over my head out of my zone, you bring out the worst best parts out m
e

When lightning strikes the same place twice, it's also against the od
ds of a phenomenon
But when we touch it's dangerous, running for our lives

You're gonna be, be the death, death of me, oh
In this bed, bed of rest, rest in peace, oh
You're gonna be, be the death, death of me, oh
But dammit it feels so good
You're gonna be, be the death, death of me, oh
In this bed, bed of rest, rest in peace, oh
You're gonna be, be the death, death of me, oh
But dammit it feels so good

Digging my grave, pleasure and pain, down we go
Heaven or hell, can't help myself, feel so high
Caught in between death and a dream, you are the best worst part of m
e

When lightning strikes the same place twice, it's also against the od
ds of a phenomenon
But when we touch it's dangerous, running for our lives

You're gonna be, be the death, death of me, oh
In this bed, bed of rest, rest in peace, oh
You're gonna be, be the death, death of me, oh
But dammit it feels so good
You're gonna be, be the death, death of me, oh
In this bed, bed of rest, rest in peace, oh
You're gonna be, be the death, death of me, oh
But dammit it feels so good

The best worst part of me, the best worst part of me, the best worst
part of me
You're the best worst part of me, the best worst part of me, the best
worst part of me
You're the best worst part of me, the best worst part of me, the best
worst part of me

When lightning strikes the same place twice, running for our lives

You're gonna be, be the death, death of me, oh
In this bed, bed of rest, rest in peace, oh
You're gonna be, be the death, death of me, oh
But dammit it feels so good
You're gonna be, be the death, death of me, oh
Gonna be, be the death
You're gonna be, be the death, death of me, oh

But dammit it feels so good
